

Sew Precise, Sew Fast Machine Binding

If you machine quilt, why not machine bind? After years of searching, Suzanne developed a technique to create a tight, $\frac{1}{4}$ " binding by machine. Stitching is invisible on the quilt front and perfectly topstitched on the back. Discover this amazing technique to finish your quilts quickly and easily. Learn to create perfectly mitered corners and an easy lumpless finish. Bind a practice quilt in class.

Supply List:

- A small square or rectangular quilt to bind, at least 15" wide/tall. Use pre-quilted fabric, or create a small quilt by practicing your quilting skills on scrap fabric. Two layers of fabric with batting and a little quilting will work (this is practice)!
- Strips of binding fabric 2 1/8" wide. Do not join strips together.
To find # of strips to cut, multiply 2 x (length + width of quilt). Add 24".
Divide by 40" and round up to a whole number. Cut this # of strips.
- Basic sewing supplies (scissors to cut threads, seam ripper, bobbins, etc.)
- Small rotary ruler
- Pins (fine-shaft suggested) and one hand-sewing needle
- Fabric marker
- Thread to match your binding fabric
